

Important Information About Electrical System Work in Your Neighborhood

February 3, 2023

Dear Neighbor,

Southern California Edison (SCE) crews will be working on the electrical grid in your neighborhood. We understand that this work in the community can be an inconvenience to customers. We are committed to minimizing any inconveniences and ensuring the safety of the public. Please be assured that the safety of our workers, our customers and the public remain our top priority. Thank you for your patience as we complete this project.

Work in Your Area

This work is taking place in support of the Alcoa Dike Project. SCE will be re-routing existing circuits and removing electrical poles along Rincon St. This will allow the Army Corp to construct their project.

Project Area

This work is taking place in the City of Corona within the boundaries identified on the map located on the back of this letter. (W. Rincon St between Corydon St and Smith Ave)

Night Work Timeline*

- Dates: February 13, 2023 – February 17, 2023
- Days and Hours of Operation: Monday – Friday, 9:30 p.m. – 4:30 a.m.

**Please be advised these dates and times are subject to change due to unforeseen operational factors or inclement weather.*

What to Expect

- To ensure your safety during construction, there will be a road closure on W. Rincon St between Corydon St and Smith Ave. Crew members will use appropriate traffic control signs and flags.
- In some cases, large equipment such as cranes may be used. Please remain at a safe distance.
- There may be noise associated with construction activities.
- Crews may need to dig, trim, or remove trees or other plant material to safely access equipment. In addition, upon completion, we will return the area to its previous appearance.
- For crews to work safely, SCE will schedule maintenance power outages during construction. In these cases, we will notify you by phone, text, email, and mail at least 3 to 5 days prior to the outages. *Doorhangers may also be used as a form of communication.

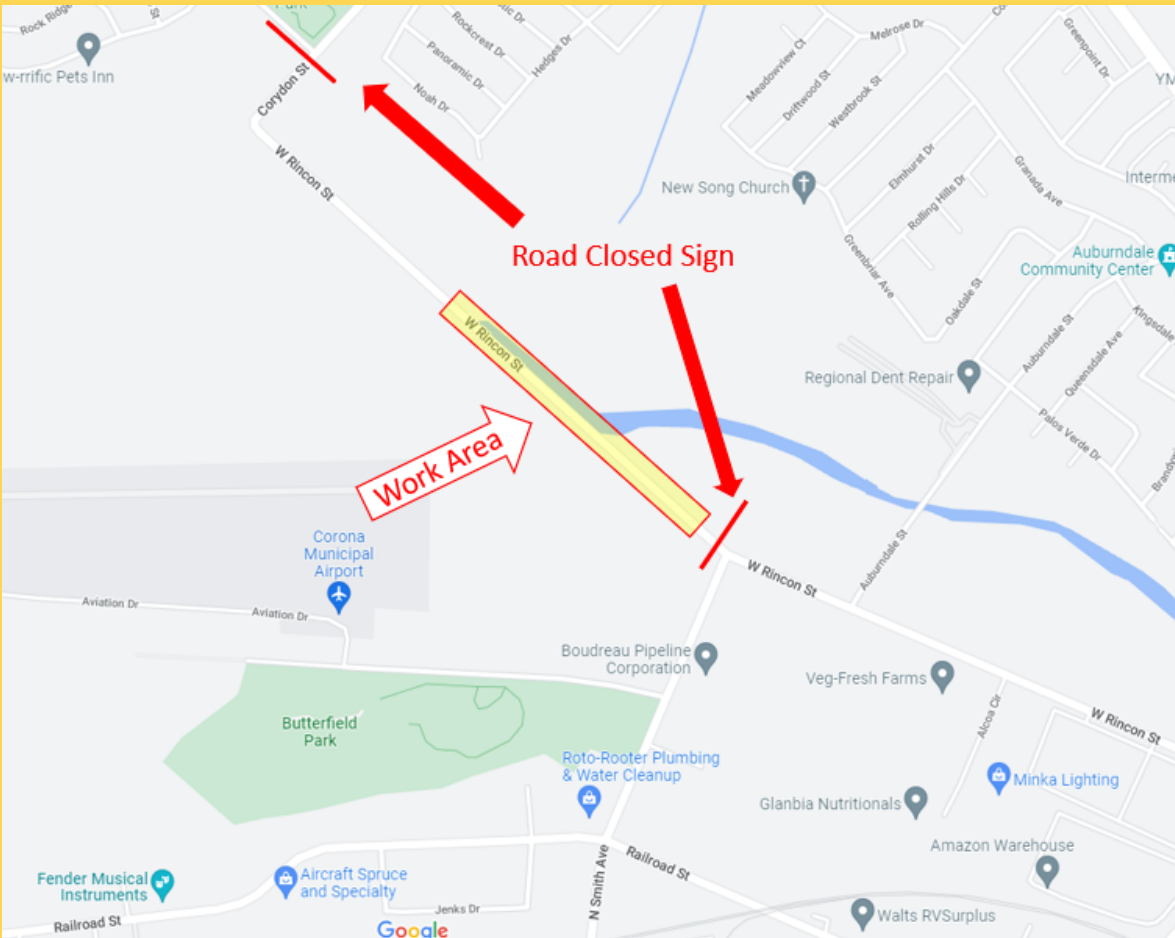

**You can sign up to receive outage alerts using your preferred method of communication via [sce.com/outage](https://www.sce.com/outage).*

For emergencies or downed power lines please dial 911

For Customer Service dial 1-800-655-4555

For field condition questions during working hours, contact Lisa LeMaster cell 714-380-1959

SCE will provide the latest information about outages at [sce.com/outage](https://www.sce.com/outage)

Here are some tips for customers preparing for a critical outage:

- Customers with a medical condition that require electric-powered life support equipment should be sure to have a backup power system in place or make other plans for health and welfare during an outage.
- Make sure food stays as cold as possible by keeping refrigerator and freezer doors closed and placing blocks of ice inside.
- Learn how to manually open security gates and garage doors.
- Notify any security companies that monitor the customer's home or business.
- Protect computers, televisions, and other sensitive equipment by unplugging them.
- If you use medical equipment in your home, SCE offers a Medical Baseline program. To learn more about the program and its benefits, including enrollment, please visit [sce.com](https://www.sce.com) or call SCE at 1-800-655-4555.
